Oh, I've seen this soul before. This is that young man Blot brought before me. No. Something's wrong. This is part of a cleft soul not meant to be here. You are not whole, but you are still holding on.
Is that Blot, I feel, nearby?
Young man's soul, I ask of you, your help.
Take this to Blot.
A gift.
And.
Use it to escape from Janus.

Feisty little guy aren't you! You're like a pent up switchblade, and I can't blame you!
Toma?
Woah, Toma, you look different! I prefer this to what you were doing before . . . but this is still scary!
Blot! I met. . . I think I met? I met Worldly but he was glowing! He did something to me and I feel funny, but it feels good!
We gotta get you back to my body and away from here!
Wow! I love the confidence but HOW are we going to do all that?

Yeah! Just what do~YAGH!
In here, too?
Blot?
Woah! How are you doing this?
Worldly said it would be like a gut feeling my stomach! Or soul, he said? Either way grab onto it and through the ink!
Worldly's so cool!
BLOT!

Toma! Behind us!
Worldly said to give this to you. He said he's sorry he can't do anything more for us right now.
He's catchin~
URK!
Worldly said to return! Get my other half's oblivous butt over to him!
I'll be fine!
Tell the other me I'll be waiting!
TOMA!
